How lucky are we, here in the Twin Cities? 40 years of international dance at Tapestry!

Think about it: 40 years of hands joined in a circle, making friends, finding unusual rhythms, singing along, learning steps that flow into patterns. And we're blessed with our amazing local dance band, **Orkestar Bez Ime (OBI)**—professional, exuberant, playing the dances we know and love. I mean... how lucky are we here?

So hop to it. Better yet, hop-step-step on over. OBI will be playing! There will be speeches! No? No speeches? OK, but there will be dancing. So much dancing! Come join us!!
